

<p>Communication and Language</p>	<ul style="list-style-type: none"> • Talk to your grownups. Sing songs and rhymes, play games and read stories together.
<p>Personal, Social and Emotional Development</p>	<ul style="list-style-type: none"> • Ask your grown up to teach you how to play team games/board games. Practice taking turns with the other players and being patient and waiting for your own turn. • Can you teach your family a song/game that you like to sing/play at nursery? • Can you help your grown up do jobs around the house? E.g. washing dishes, putting out cups and cutlery, tidying, taking clothes out of the washing machine, washing the car. • Create an emotions chart with your grown up and tell them how you feel each morning and why. If you are feeling sad/angry what could your family do to help you to feel better? • Can you learn a new skill? • Try a food that you have never tasted before. Did you like it? • Try an activity you have never done before. Did you enjoy it?
<p>Physical Development</p>	<ul style="list-style-type: none"> • Can you practise putting on/taking off your own clothes, shoes and coat all by yourself? • Can you practise fasten zips/buttons on your clothes by yourself? • Can you help your grown up to prepare meals and snacks? E.g. chopping vegetables, mixing, adding ingredients, weighing ingredients. • Can you make a fruit kebab as a healthy snack? Challenge yourself and see if you can make a repeating pattern kebab e.g. apple, banana, apple, banana. What is your pattern? • Can you make your own play dough? (play dough recipe in pack) Use your play dough to complete dough disco video (in website links) • Practise using scissors to make the muscles in your fingers big and strong. Cut out pictures you like to make a collage. These could be printed out or from newspapers and magazines. • Make your own jewellery by threading pasta and cereal hoops onto string. • Make bird feeders by threading cereal hoops onto string or pipe cleaners. Hang them from bushes and trees in your garden. • Use Cosmic Kids (in websites section) to unwind and stretch your body by doing yoga. • Get active by dancing to Jumpstart Jonny and the Supermovers.

<p>Literacy</p>	<ul style="list-style-type: none"> • Read your favourite stories with your grown up. Can you retell the story? When did the story happen? Who is the main character? Where did the story happen? What went wrong in the story? Did anyone help? How did the story end? Can you read a different story every day? • Can you make up your own story? • Practice writing your name. • Make cards for your family and friends. • Write a shopping list to help your grownups to buy what the need. • Watch Alphablocks (cbeebies website) to help you to hear and blend sounds.
<p>Maths</p>	<ul style="list-style-type: none"> • Numbers are everywhere! Can you go on a number hunt in your home? What numbers did you find? Where did you find them? (e.g. remote controls, clocks, serial numbers on packets etc.) • Shapes are everywhere! Can you go on a shape hunt in your home. What 2D shapes did you find? What 3D shapes did you find? Can you name them? • Ask your grown up to teach you how to play dice games e.g. snakes and ladders. Can you count the spots on the dice? Can you count the correct number of spaces on the board. Who came 1st, 2nd, 3rd etc. • Create a height chart. How tall are you? How tall are your family members? Who is the tallest/shortest? Record how tall you are regularly. Are you getting taller? • Choose an object from your home and find things that are longer/shorter than it. • Watch Numberblocks (cbeebies website) to help you to count.
<p>Understanding the World</p>	<ul style="list-style-type: none"> • Explore the different objects linking to technology in your home. How do they work? Can your grown up teach you how to use them safely? E.g. turning on the television/washing machine/dishwasher; using the remote control to change the channel/volume. • Plant a seed and watch it grow. Observe what happens to your seed. Can you take a photograph of your seed as it grows? • Can you choose ten objects from your house and see if they float or sink? Which objects float? Which sink? • Make your own binoculars and decorate them. Use them to bird watch in your garden. Make a note of which birds you see. You could ask a grown up to help you research the birds that visit your garden. Where do they live? What do they like to eat? Where do they come from? Did you spot any other animals? • Go on a bug hunt in your garden. What bugs did you find? Do they have wings? How many legs do they have? How do they move?

	<ul style="list-style-type: none"> • Make gloop with your grown up (recipe included). What happens when you try to pick it up? Can you make a ball with it? • Can you explore what happens when you freeze an object? How could you melt the ice? • Observe what the weather is like each day. Is it sunny, cloudy, rainy, hot, cold? • Can you bake cakes with your grown up? • Can you make your own volcano using vinegar, bicarbonate of soda and washing up liquid? Does it still work if you change one of the ingredients?
Expressive Arts and Design	<ul style="list-style-type: none"> • Can you make your own musical instrument? (You could use empty packets, bottles, tins and rice/chickpeas/pasta.) Decorate your instrument. What noise does it make? Is it a loud noise? What do you have to do to play it? Do you beat it, shake it or blow it? How can you make the noise faster/slower/louder/quieter? • Explore what happens when you mix colours. This could be done with paint on your hands, brushes, coloured water. You could also put paint into zip lock bags if you wish to avoid paint on surfaces. • Go on a rainbow hunt either indoors or in your garden. Can you find something red, orange, yellow, green, blue and purple? • Can you learn some new songs/rhymes? Maybe you could teach us them when you come back to nursery? • Make a den using materials and cushions in your home. What is your den used for? • Create a new piece of art every day. Decorate the walls in your bedroom by hanging up your creations. • Dance and sing to your favourite songs. •

Gloop Recipe

- Cornflour
- Water
- Foodcolouring

The gloop will dry out overnight therefore more water will need to be added accordingly. If the gloop gets onto clothes/surfaces please wait until it dries out and brush straight off.

Play dough recipe

- 2 cups of plain flour
- 1 cup of salt
- 2 cups of boiling water
- 2 tsp cream of tartar
- 2tbs cooking oil
- Food colouring

Mix all of the dry ingredients together. Add the oil. Add the food colouring to the boiling water then pour the water into the dry ingredients. Mix briefly with a spoon and allow to cool for five minutes. Once cool allow child to knead to make a play dough consistency. If it is sticky add more flour. If it is too dry add more water. You could also add a scent to your play dough before adding the water e.g. mint essence, lemon zest, ginger.

Please keep us updated on all of your home learning via Tapestry. We would love to see what you get up to.
